

# How to install Content Packs

---

## Step 1:

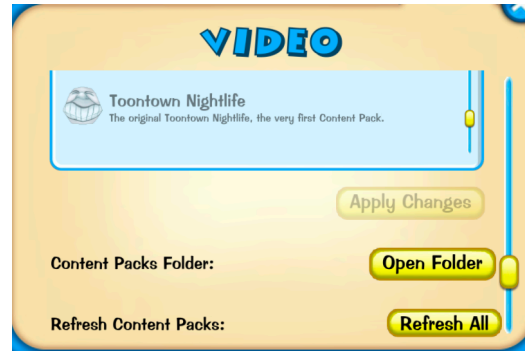

Log onto Toontown Rewritten, and open the options menu.

---

## Step 2:

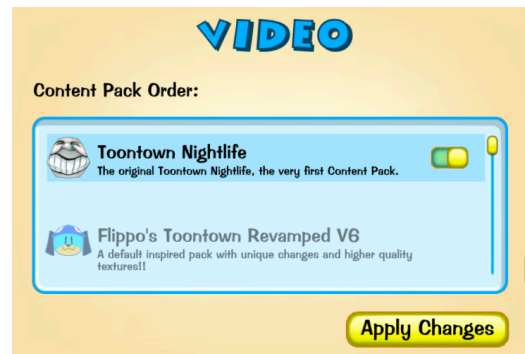

Go to the Video settings, and scroll all the way down. Select “Open Folder”.

---

## Step 3:

Drag the Content Pack file located in the “Resources” folder, and put the file ending with “.mf” into the folder that opened up on your PC or Mac. Then, click the “Refresh All” button. Your Content Packs should appear. Turn on the Content Pack you want to use, and Apply Changes!

---
