

Ding Dong!

Greetings once again aboard the Harmony, hoo-hoo... How long ago has it been since we first invaded? Hoo-hoo, feels like a distant dream... Although, I was informed the Toons have not been put to sleep just yet... They turning our vocation from a vacation into a staycation, AHAHAH.

Well, well! It would seem we have to pour our hearts out to them harder than ever, if by chance they are to submit to our ways with them. Truthfully, I having a lot of fun putting this together, this vacation never seem to end, AHAHAH!

So, hoo-hoo... I thought since we been touring this Balloonytoons or whatever this town is called, haha, allow me to give YOU a tour of just what exactly yoo-u witnessing. After all, you probably must have had so many questions since our initial debut, who we are, what we doing, our long-term goals. Figured since our long-awaited anniversary of this vacation was coming up, more commonly referred to as "V3", it would make sense to introduce you to every cast member from on board this wonderful floating retreat. I will have each of them come up and do the honors. Hoo-hoo, it truly a sight to behold.

## Joko (The Chairman)

But ah-ah, me first! As you just found out cause of Cory's intermission, I am Joko, your waiter! I provide the finest fine dining on the seven seas, to not disappoint. Hungry? Want some bread? Say no more! I got you covered! Oh, but, hoo-hoo... I also the charismatic leader and organizer of our beloved F.O.R.C.E.S. Enterprise. "We Deliver Your Vacation, All On Vocation"! Our tagline has not changed, hoo-hoo... Haha, I feel like spinning around with glee and joy, visions too numerous for me to count, AHAH-

---

## Walter (The CEO)

Alright, buddy. That's enough. Remember what I said, three spin's the limit.

Hey. I'm Walter. Sorry for that sudden outburst, Joko has a way of letting himself go under intense jubilant activity. I'm his best friend, you know. Never miss a beat when I'm with him. People always wonder how I'm able to catch up to his signature style. I don't know, I just do. Just comes naturally.

I'm usually the man behind the Grillcrafts operations within Grillcraft HQ, so if you ever see me, don't hesitate to stop by and say hi... assuming you haven't already intervened with the other staff members by this point. Also, if you ever do come by to visit, please don't touch the sock drawer. Or the chili peppers. Or the lemon custard. Thanks.

---

## Corina (The CLO)

...Oh. Am I on?

Uh... hi? I'm, uh, Corina. The Spycrafts leader. I may appear shy and timid, but... I do have a temper that goes off... occasionally... I've actually had it quite flared up a couple times. People say that alone makes me worthy to be the Spycrafts leader, because... I don't know, I *guess* I have a knack for taking action when our operation is under attack by the Toons...

...Have I said enough?

---

## Christopher Columbus (The CFO)

Enough floundering with these easygoers who have no regard for the spotlight. The show must go on!

Oh... hello. You don't know me? I am Christopher Columbus! No, not *that* Christopher. The other one! Still don't know me? Pah! How disgusting of you.

I have no time to deal with newcomers such as *you*. I have a show to perform, an audience to entertain! And same would be said for all my other Stagecraft members! Now if you'll *excuse* me, I must get to reciting the next act! I just hope our playwright changes things up for once... I wish to win the battle against Marvin and his dastardly crew!

---

## Bob (The V.P.)

Hey, man. Name's Bob. Just watchin' my daughter, man. Just watchin' my daughter.

That's all I really care about. My girl Eve, she's the light of my life. I could sit back and relax in a deck chair, possibly put some sunscreen on, and watch her swim in that pool for hours.

Heheh, did you see that? She did a little kick in the water, how adorable. **You're doing great, Eve! Keep it up!**

By the way... *if* my daughter ever goes missing... not saying it happened, but... it has before. And I don't remember what happened afterward. It's like my cool was...

Oh, hey, man, I'm sorry, I'd better get back to watchin' my lil' lightning bug Eve. Almost took my eyes off her for a second, but she's still there, present as ever. I won't waste time being here anymore, man.

I lead the Guestcrafts department. I'm rather partial to the franchise. So if you ever want to stop on by, I'm more than welcome. Just, as long as you *don't take my eyes off my daughter...*

Just watchin' my daughter, man. Just watchin' my daughter. That's the life. That's the way.

## Wah-Zoo the Yellow Cuckoo Bird (Duck Shuffler)

The beak strikes fast, the beak strikes true! Wah-Zooooooo!

I'm Wah-Zoo, hoo-hoo, a figment of... Joko's... visions...

Joko's not here! He is? No, he's not here! He is?!

I'm the only one who escaped, AHAHAHAHAH. Don't ask me how, I just did, and here I am! ...I'm not? Yes, I am. I'm not?!

---

## The Ultimate Abyss (Deep Diver)

Hey, Toons! Are you ready for the most thrilling, dangerous, Laff-inducing ride in the history of any cruise line ever? Well, look no further!

Can you survive the Ultimate Abyss? That is... me.

The plunge is not for the faint of heart. Don't blame me if halfway down you become seasick and regret going on this turbulent waterslide. Because, chances are... you won't make it.

Afraid? If you want to face your fear, I won't hold back!

---

## Pocahontas (Gatekeeper)

Tonight we tell the tale of Columbus! Except... Columbus... he's not here.

So instead, I will be taking his place for today! I am the madame and master of voodoo, you're looking at her! Also the explorer of the colonial period, the fearless warrior who never gives way to pressure, even under the face of daunting circumstances.

So, this tale spun will be more about me... until the legendary Columbus comes back. I don't know what he's up to now...

---

## Holly Mistletoe (Bellringer)

*Hark, how the bells, sweet silver bells, all seem to say, throw cares away...*

Oh! Merry Christmas, everyone! Let us deck the halls with boughs of...

Huh? What do you mean to tell me it's not Christmas? I thought it was!

You must be mistaken. Without me, there would be no Christmas celebration on board this cruise! Isn't that right?

*Ding dong ding dong! BOM...*

---

## Nolan Waller (Mouthpiece)

.....

---

## Sebastian (Firestarter)

Hey! Welcome to Chop's Grille! Look who's come! Ready for an unstoppable night of chop, chop, chopping away? Me and my buddy Adrien, we chop the night away. I can almost hear him singing "*Don't Go Bacon My Heart*", as I work alongside him to prepare the most finely performed meal... straight to your table!

Although my friend Adrien won't be here today, I can almost guarantee you an unstoppable night of slicing, dicing, and most of all, chop-chop chopping away! (Didn't I just say that?)

Oh, but I'm not actually supposed to be serving you... As sad as it is to say, I'm under serious supervision by the Chairman of F.O.R.C.E.S. Ent., as well as my buddy Adrien. I know he's back there watching me, cheering me on, telling me not to let down, not to give in.

He believes in me, and therefore, so do I!

I will be using my cooking utensils for defense against the Toons, so if you're one of those Toons... as the Chairman would say, "Nighty-night..."

Otherwise, welcome, and I, as well as the rest of the staff from on board, sincerely hope you enjoy your stay!

---

## Arron Draper (Featherbedder)

Are you ready? I'm about to bring the elevator down with my latest hit! Sing along if you want, for we're not going anywhere until you stop at your next destination! So better enjoy it while it lasts, you don't see me often!

I'm Arron, Royal Pianist! If you're lucky enough to find me in one of the elevators... or in this case, on the streets... then I'd be more than welcome to play you a song, even if you'll be the only one singing along!

For real, though, it's like I don't see many people down here anymore. What a bummer...

---

## Mabena (Prethinker)

Ladies and gentlemen, lunch is ready!

And hello to you, too! It is I, Mabena, the owner of the Windjammer buffet aboard the Harmony of the Seas... I don't necessarily feel accustomed to being away from the ocean, however, I am just the same germaphobe you would see if I was away at sea!

Seriously, though. I am very sensitive about cleanliness. Have you washed your hands before coming in? If not, I will handle the situation.

Washy Washy! Hahahaha!

---

## Sunshine (Rainmaker)

Well, hello there! I'm Sunshine! Nice to meet you!

Although I have a positive spirit, make no mistake, I am exceptionally good at my job. I work at the barbecue restaurant, a seasoned Grillcraft, ready to serve with a smile! My guests love it when I share a smile with them. They're contagious, after all!

Now, I mustn't distract myself from preparing the next order... I've heard one customer wants a filet mignon...

See you around!

---

## Doctor Equinox (Witch Hunter)

Has my vision deceived me? Has someone entered? Who is it?!

Ah. It is only you. My apologies, I am rather... not used to... new visitors. Tell me, where have you come from, and what can I do for you?

You're a Toon, you say? Pleasant. I have no doubt you'll enjoy everything this vacation has to offer, though that's all I know at the moment. I am incredibly busy...

But very well. If you must know more about me, I won't waste too much time.

I am Doctor Archibald Equinox, the Timekeeper of 18<sup>th</sup> Century Paris! I make clocks and compasses of all sorts, but I also have a secret gift of time travel.

I can't believe I just shared that. Please, don't tell anyone. I don't want them to misuse my power... or worse.

There's an anomaly watching. They would do well to know that.

Oh dear, I'm afraid I talked for far too long. Everything was fine until you showed up. Go on, get out of here! I must resume work on my latest time capsule. Perhaps we can meet again when I'm not so incredibly busy...

---

## Eve (Multislacker)

Hey, man. It's me, Bob. Just wanted to pop in to tell you that my daughter Eve is only 5 years old. What is there to know about her? Absolutely nothing you don't already know. Right?

**RIGHT?**

Did I frighten you? Sorry. Just... there's nothing to see here. Nothing you don't already know. Just watchin' my daughter, man. Just watchin' my daughter.

---

## Johnny (Major Player)

Oh, hello. I didn't know it was my turn to speak up. Name's Johnny. I'm the captain of this ship. Nothing much more to say here, unless you want to see the cruise ship steering wheel...

Me and my crew do all the heavy lifting getting you to your next destination while the rest of the staff is out partying and entertaining. But since we're not cruising overseas this time around, I've been tasked with looking after the one, the only, Cory Oscars, who's only available once every time of year.

I'll admit that my occupation on land is far easier than it was overseas, but that's not something I'm concerned about. As long as everyone's happy while I do my part.

Also, people say I'm quite... handsome. Am I really?

---

## Cosmic Hallucination (Plutocrat)

*What on earth is going on...?*

Am I dreaming? Or are you? Well, since we're both here, we may as well make the most of the time we have before I... disappear. How mysterious...

I don't have a real name, because I'm not real. That's just it. Plain and simple. Why do you expect me to have a name? I live in outer space, constantly watching the horizons...

Oh, but, like I said, I'm not real!

Are you disappointed? You really shouldn't be. Making friends with a hallucination... that's not healthy. Someone might need to usher you to a seriously committed doctor. Someone besides

Doctor Equinox, of course. He has way too much to juggle at once to have time for your mental health problems.

*I think I'm about to fade away...*

---

## Zackery White (Chainsaw Consultant)

UGH... finally! Took flippin' FOREVER for my turn! About time I showed up.

What'cha lookin' at, anyway? Me?! I'll have you know, I have a life of my own, so mind your own BUSINESS!

I'm just tryin' to impress a girl, and it ain't no joke! It's a serious deal. So make no effort to go telling off to some of the others out there on the street corners or WHATEVER!

Ugh, I've had enough of your cowering in fear. I'm thinking of calling my friend Grieg. He skipped his debut earlier... why in the WORLD did he?! Some friend he is... he still has a lot to learn about how to be tough like me. Oh, but he's still *bad*... just misunderstood. Heh, the wimp.

Hey, HEY! Has anyone seen my white Sedan?!

---

## Grieg Kingston (Treekiller)

Yes, Zack, I know. I'm a big deal. Ooh, be scared of me.

If you really want to know who I am, I'm the green apple kid, as they say. One bad apple spoils the whole bunch, and that's what I do. Zackery and I are best friends, we go a long way, and it seems like nobody else understands us except the two of us.

Oh, but don't get me wrong. We both are troublemakers, and we are PROUD of it. I'm second-in-command to Zack, and we both are Cory's top-of-the-line henchmen for the Royal Militia, his secret organization.

And we ain't afraid of people KNOWING about it, either.

Don't get too close to either of us. We don't accept visitors.

---

## Olivier (Pacesetter)

Well, well... Now that everyone else is out of the way, I suppose I'm left.

Hi. I'm Olivier. How are you doing? Sorry... I'm not always confident to speak, simply because I mainly perform tricks with the steel wheel on the ice show. Equinox and the others, when they have time to see me, are quite impressed with the way I move the big thing around.

I also love, love, LOVE cherries! I can't get enough of them! Really Joko and Mabena have been my two closest friends aboard this cruise for many years, however our bond has been separated due to our occupations... But fear not! Although we may appear distant, we love each other's company whenever we *do* meet up... even if Joko doesn't quite understand my cherry passion, or Mabena wonders how I'm able to stay clean even without washing up...

Blame it on the ice. That's all I'll say. It's not the physics, but rather, the radioactive glow...

Are you weirded out? Um, okay. I suppose that's my cue to... move along...

---

## The Fine Liners (Litigation Team)

Hold on! Did you forget about us?

We're the Fine Liners! We dance on stage, dodging water streaks with style! We're only 4 out of the 5 group members joining us... As for Nolan Waller, he's the 5<sup>th</sup> member, and you may have seen him earlier. He's actually our leader. Oh, but I don't think I have ever heard him speak...

Whenever Corina needs us, we jump right in! Although, don't be mistaken, we know nothing about the Spycraft faction. We're just here to help out when we're not performing! As for Nolan again, he may be the silent type, but he has a heart of gold. You can just see it in the way he dances and performs in front of the audience before the show starts.

Speaking of, it looks like we'd better go check on him... It was a pleasure meeting you, and we hope to see you again soon!
